Making Life Better Together

Education Wellbeing Service

NHS South West London and St George's Mental Health NHS Trust

Who are we?

We are NHS wellbeing and mental health practitioners, working in your child's school providing evidence-based support programmes for parents and carers of children who are experiencing anxiety, fears and worries or everyday behaviour challenges.

Who do we see?

Primary school parents and carers whose children sometimes struggle with...

Managing their emotions, leading to behaviours, such as tantrums, not listening or following instructions, difficulties at bedtimes or mornings, being rude to parents, etc.

Anxiety and worry (e.g. shy, panicky, clingy or fearful of specific things, such as separation, school or social situations, avoiding situations or seeking high levels of reassurance)

Parents/carers who are not currently receiving support from CAMHS or Children & Family Services

What do we offer?

6-8 weekly, one-hour sessions, at school or online

Help to understand your child's feelings/behaviour

A chance to learn practical strategies that you can practise during and between sessions to support your child's wellbeing

What happens next?

Once we receive this completed form from you/your child's school, we will contact you to arrange a time to hear a little more about your family and check that we are the right service for you.

If so, we will arrange to see you for 6-8 sessions. Each session has a different topic and set of tools and ideas to help your child.

We will ask you to try out these tools and ideas between sessions.

While you are waiting to see one of our wellbeing practitioners, visit our YouTube channel: @educationwellbeingservice It's full of helpful videos and webinars for parents and carers

Research shows that working with parents and carers of primary aged children helps more and faster than working with children directly.

Over 95% of parents who completed our programmes made progress towards their goals and would recommend our service to other parents!
