

# Nursery News

Friday 7<sup>th</sup> October 2022

## This week we have been learning all about our senses!

This week we have been learning about similarities and differences between us and our peers. To start the week off, we read the story 'Elmer' and discussed what makes Elmer the Elephant special and what makes us special.

During the week, we had lots of different activities to complete to enable us to learn about how special we are. We have played 'Spot the Difference' and tried to find someone who has different coloured hair or eyes than us! We have played lots of circle time games this week too. One game we played was passing the teddy bear round the circle and telling it one thing we like and one thing we dislike. We found out that Miss Smith loves coming to Nursery to see all of us!

Next week we are going to be learning about our families and creating our own Family Gallery in Nursery.

It would be lovely if you could send a photo of your family that we can display next to their artwork. You can either print one off or send one in via see-saw. Children love seeing photos of themselves around Nursery and it encourages communication between their peers!

## Star of the Week:

Each week we will have 3 Stars of the Week, one from each session. Here are our first star of the weeks for the year!

**Jellyfish (all day children):** Mason D for settling into Nursery well and always following our Golden Rules.

**Dolphins (morning children):** Caben for coming to Nursery with a big smile and being more confident in Nursery.

**Whales (afternoon children):** Lewis for coming back to Nursery after the summer break with a big smile on his face every afternoon.

Well done to all our Stars of the Weeks for this week. We cannot wait to see what adventures you get up too!

## Books we have read this half term...
