

Nursery News

Friday 20th January 2023

This week we have been busy celebrating Chinese New Year!

During our carpet times we have been learning lots of different facts about China and how they celebrate the festival. We used our Fab Five key words to gain a deeper understanding.

In Dance, we watched the famous Dragon Dance and created our own. We used a piece of material, and stood in a long line, moving our arms side to side and up and down to move the 'dragon'! It was great fun!

We have also been working really hard on our phonics, and have learned the sound /s/. To do this, we have played games, sung songs, and looked at different objects that begin with a /s/.

Just a gentle reminder: Please could you ensure that you are not sending any snacks into Nursery especially anything that may contain nut as we are a nut free school. We always have fresh fruit that is accessible at the snack table. Thank you! 😊

Next week, we are continuing our Ready, Steady, Cook topic off by reading 'The Gingerbread Man'!

Star of the Week:

Jellyfish (all day children): Ariella for being more confident during independent play with her peers and teachers. Great job!

Dolphins (morning children): Eden for being a superstar and arrive to Nursery with a BIG smile. We are so proud of you!

Well done to all our Stars of the Weeks for this week. We cannot wait to see what adventures you get up too!

Chinese New Year!

Using chopsticks!

Dragon Dance!

Our sound of the week is...

Pronunciation Phrase:

Show your teeth and let the s hiss out
sssss sssss

Can you find any more objects that begin with /s/ at the weekend?

In Nursery, we have introduced Foundations for Phonics every day! Following the Little Wandle Letters and Sounds scheme, we have introduced a game every day during maths meeting to teach the children a new sound every week.

Look at our phonics display and see if your child can remember things that begin with the sound /s/!
